

SATIR NV618W (La Moon)

Vehicle Thermal Imager

SATIR NV618W (La Moon) allows users to see a wide angle of the road which is not possible with normal headlights. The high resolution image allows users to have a clear view of the road layout and hazards that approach the vehicle while driving

SATIR have been manufacturing high quality infrared thermal cameras for over 20 years and our aim is to have a thermal camera that will meet your thermal imaging needs and requirements.

Features

- Ability to see clearly at night
- Wirelessly connect between the camera and the tablet
- Driver assistance during poor weather conditions
- Unaffected by oncoming headlight glare
- Pedestrian detection
- Convenient Installation
- Great System Integration
- Additional Features—GPS, Blue-tooth, WI-FI, Android.
